Heavy Duty Tool Trolleys

New 1475K Series

THE ULTIMATE TROLLEY ASSORTMENT
Stronger, reliable and meticulously designed

The new 1475K Series tool trolleys are the result of a relentless pursuit for perfection. We offer a wide and improved range of heavy duty trolleys that can meet a wide variety of user needs. Available in different sizes, number of drawers, top materials and colours, the choice is yours. Finding your perfect match has never been easier!

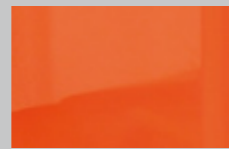

Lock & Go

No need to turn the key when moving the trolley! The unique Lock & Go system secures the drawers automatically when you close them

Superior Quality Paint

New shiny, elastic and scratch resistant paint

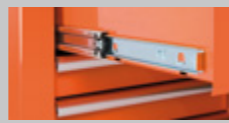

Enhanced Precision Wheels

Robust 125 x 50 mm wheels, two fixed and two swivelling with brakes. Good stability, easy to move and secure with non marking rubber

Drawers

Ball bearing slides. Full opening drawers. A load capacity of 45 kg per drawer

Aluminium Brushed Handles

Modern designed, easy clean and lightweight handles

Double Wall Frame

Drawers and slides work perfectly even if the frame gets damaged

T-Module System

Choose the trolley according to your preferences and pick modules from our T-Module System adapted to your specific needs

900-1.100 kg

BAHCO BASE LINE TOOL STORAGE - 1470K SERIES

Born from Bahco's commitment to satisfy market needs and bring customers practical ideas, we proudly introduced the unique Tool Trolleys & Top Chest that will fulfil the most demanding tool storage needs. In addition, we present the full range of Tool Modules compositions with T-Module System that provides greater tool range and organisation. All add up for extra tool storage capacity with wider tool selection, focusing on strength, quality and practicality.

1470K Series tool trolleys & top chest

- High load and volume capacity for heavy-duty use
- Reinforced body in key areas
- Secured connection between top chest and trolley
- Central locking system with tubular keys
- Fully opening drawers
- Ball bearing slides on the drawers
- 2 lockable swivelling wheels with ball bearings

Tool modules with foam inlays

- Almost 50 modules with tools
- Compatible with all Bahco Tool trolleys
- T-Module system
- Resistant & environmentally friendly foams
- Easy tool control and missing items identification
- Available with or without tools

T-MODULE
System

Tool modules compositions

- Readymade tool compositions for 3-4-5-7 drawers
- Readymade compositions with a selection of the most frequently used tools

LARGER, STRONGER & ORGANISED

We've brought to our customers a quality driven product with much more storage capacity and excellent performance. The range allows users to choose from 5, 6 or 7 drawer combinations in the tool trolley and add on the Top Chest for extra storage space.

A wide selection of tool modules compositions, combined with empty or filled foam inlays, offer a unique opportunity to have all the most utilized and professional must-have tools, well-organised into one storage unit.

Think professional quality, think heavy weight load and high volume storage capacity, think big, think Bahco!

Performance is convincing

- Large body for bigger tool storage needs
- Strong construction to withstand rough work conditions
- Organised means more professional and efficient
- Great tool selection with no match
- Easy to move around tool storage unit

1470K SERIES TOOL TROLLEYS & TOP CHEST

The 1470K Series Tool Trolleys & Top Chest are specially designed to meet the most demanding professional tool storage requirements. Robust construction brings maximum structural integrity to withstand heavy loads and high volume storage. Ensuring safety and satisfaction.

Drawer dimensions:
Hx543x445 mm.
Very big storage capacity

Heavy duty construction with
strong reinforcement in key areas
Total static load capacity: 600 kg

Long ball bearing slides
100% opening drawers
Load capacity per drawer: 30 kg

Round key locking system
Stronger keys and locking
mechanism

Click/detent closing system at
the end of slides
This prevents the drawers from
opening when moving

Double wall frame
Drawers and slides work even if the
frame gets damaged

Wheels 125x30 mm, ball bearings,
2 fixed and 2 swivel with brake
Good stability, easy to move and
secure. Non marking rubber

One of the highest volume
capacity of its class:
0,157 m³

One of the highest drawer load
capacity in its class:
30 kg

One of the highest static load capacity
in its class:
600 kg
